INTRODUCTION

Mata kuliah *Structure 2* yang terdiri dari 12 modul akan mengawali pembahasan tentang klasifikasi kalimat berdasarkan jenis klausa, dan jumlah subjek dan predikat yang terdapat dalam kalimat. Modul satu akan membahas tentang definisi klausa, dan definisi kalimat yang sesuai dengan jumlah subjek dan predikatnya serta contoh-contoh dari keduanya.

Modul satu ini terdiri dari 2 unit. Masing-masing unit akan diawali dengan penjelasan teori, yaitu tentang klausa pada unit satu, dan tentang kalimat pada unit dua. Cakupan bahasan pada unit satu meliputi jenis-jenis klausa, yaitu klausa utama (*independent/main clause*) dan anak kalimat (*dependent/subordinate clause*). Sedangkan bahasan unit dua mencakup *simple sentences*, *compound sentences*, *complex sentences*, dan *compound complex sentence*.

Setelah mempelajari modul satu ini Anda diharapkan dapat:

1. membedakan *dependent clause* dengan *independent clause*.
2. membedakan jenis-jenis *dependent clause*.
3. membedakan kalimat sederhana (*simple sentence* dengan *compound sentence*).
4. menggabungkan 2 klausa utama dengan menggunakan *coordinate conjunction* menjadi *compound sentence*.
5. menggabungkan 2 klausa utama dengan menggunakan *transitions* menjadi *compound sentence*.
6. membedakan *compound sentence* dengan *complex sentence*.
7. membedakan *complex sentence* dengan *compound complex sentence*.
8. menggabungkan 3 kalimat menjadi sebuah kalimat *compound-complex sentence*.

UNIT 1

Clauses

Setelah mempelajari unit ini Anda diharapkan dapat:

1. membedakan independent clause dengan *dependent clause*;
2. membedakan jenis-jenis dependent clause.

Unit 1 ini membahas tentang *clauses*. Pokok bahasan ini terdiri dari 3 sub pokok bahasan, yaitu *independent clauses* dan *dependent clauses* dan *Janis-jenis dependent clauses*. Masing-masing subpokok bahasan akan dijelaskan secara terperinci pada pembahasan berikut.

A. INDEPENDENT CLAUSES

Sebelum Anda mempelajari *independent clauses* ada baiknya Anda mempelajari apa yang disebut dengan clauses. *Clauses* (klausa) adalah kelompok kata yang saling berhubungan yang mempunyai subjek dan predikat. Ada 2 macam klausa, yaitu *independent clause* dan *dependent clause*. *Independent clause* atau disebut juga dengan *main clause* atau dalam bahasa Indonesia disebut dengan induk kalimat atau klausa utama adalah kelompok kata yang saling berhubungan yang mempunyai subjek dan predikat dan dapat berdiri sendiri sebagai kalimat yang lengkap dan utuh sehingga *independent clause* bisa disamakan dengan *simple sentence*. Pembahasan lebih lanjut mengenai *simple sentence* dapat Anda pelajari pada Unit 2. Sekarang pelajari contoh-contoh dari *independent clause*.

1. Rudy is my son.
2. I know that boy.
3. Martha is very happy.
4. English is an international language.
5. Sorta and Binsar are from Medan.
6. They went to the supermarket.
7. I have been to Singapore.
8. We visited Kuta beach last year.

9. My daughter is playing in the park.
10. You must do it yourself.

Semua contoh kalimat yang diberikan merupakan *independent clause*. Semua kalimat dapat berdiri sendiri sebagai kalimat sederhana, mempunyai subjek, predikat dan memberikan ide-ide yang lengkap dan utuh. Berikut ini adalah pembahasan tentang *dependent clause*. Anda bisa membandingkan perbedaan dan persamaannya.

B. DEPENDENT CLAUSES

Dependent clause atau disebut juga dengan *subordinate clause*, dan dalam bahasa Indonesia disebut anak kalimat, mempunyai subjek dan predikat, tetapi tidak bisa berdiri sendiri sebagai kalimat yang lengkap karena tidak mengekspresikan pemikiran yang lengkap. *Dependent clause* memerlukan *independent clause* agar dapat memberikan informasi yang lengkap dan utuh.

Dependent Clause disebut juga Subordinate Clause karena menggunakan subordinate conjunctions, seperti that, whether, if, when, until, after, although, because, since, whereas, dan before. Tetapi adjective clause menggunakan relative pronouns, seperti that, which, who, whom, dan whose. Berikut ini adalah contoh-contoh dependent clause.

1. That he is a banker.
2. Whether you go by bus or by train.
3. If you go with us.
4. Who is sitting alone.
5. Whose hair is long.
6. Because he did not have any money.
7. After you arrive in Bali.
8. Whereas Anita is diligent.
9. Why he cried.
10. Wherever you go.

Setelah membaca dan memahami contoh-contoh *dependent clause* yang diberikan, apakah ada contoh *clause* yang mengungkapkan informasi yang lengkap yang dapat disampaikan dari seluruh contoh tersebut? Mungkin Anda akan menjawab ya, yaitu contoh klausa pada nomor 4. Memang sesuai

dengan susunannya, klausa nomor 4 bisa dikatakan sebagai kalimat tanya. Tetapi Anda juga harus teliti bahwa kalimat tanya selalu ditandai dengan tanda tanya (?). Pada kalimat nomor 4 tidak terdapat tanda tanya sehingga klausa tersebut tidak bisa dikategorikan kalimat tanya.

Sekarang tentu Anda bisa membandingkan persamaan dan perbedaan dari kedua jenis klausa tersebut. Apakah persamaannya? Ya, kedua jenis klausa ini sama-sama mempunyai subjek dan predikat. Lalu, apakah perbedaannya? Ya, *dependent clause* diawali dengan *subordinating conjunction* seperti *because, after, whereas, wherever* atau *relative pronoun*, seperti *who/that, whose, dan whom*. Sebaliknya, *independent clause* tidak diawali dengan *subordinating conjunction* maupun *relative pronouns*.

C. TYPES OF DEPENDENT CLAUSES

Dependent clause dapat berfungsi sebagai kata benda, kata sifat atau kata keterangan. *Dependent clause* yang berfungsi sebagai kata benda disebut *Noun Clause*, yang berfungsi sebagai *adjective* disebut *Adjective Clause*, dan yang berfungsi sebagai *adverb* disebut *Adverb (Adverbial) Clause*. Semua jenis anak kalimat (*dependent clause*) tidak bisa berdiri sendiri sebagai kalimat yang lengkap, melainkan harus dilengkapi dengan *independent clause* agar dapat menjadi sebuah kalimat dan dapat memberikan informasi yang jelas.

1. Noun Clause

Dependent clause yang berfungsi sebagai kata benda disebut *Noun Clause*. *Noun Clause* bisa digunakan sebagai subjek, sebagai objek kata kerja atau preposisi, dan sebagai pelengkap. *Noun clause* dapat menempati posisi kata benda dalam *independent clause*. Dengan demikian, *noun clause* bisa digantikan dengan kata ganti benda *it*. *Subordinate conjunction* yang biasa digunakan pada *noun clause*, antara lain *that, whether if, what, dan yang lainnya*. Anda Perhatikan contoh-contoh kalimat berikut.

a. Noun Clause sebagai Subjek.

- 1) **How he gets the money** is his own affair.
- 2) **What they did** does not concern me.
- 3) **That he is a liar** is obvious.
- 4) **Where they work** is not important to me

- 5) ***Why you asked me that question*** matters to me.
- b. *Noun Clause sebagai Objek Kata Kerja.*
- 1) He suggested that I continue my studies at the famous university.
 - 2) She wanted to know whether I had some money.
 - 3) I don't know where he lives.
 - 4) The teacher asked me what my name was.
 - 5) It is true that plants need water in order to grow.
 - 6) I think that the war between those two countries will end soon.
 - 7) It is widely believed that English is the principal language of business.
 - 8) Can you tell me What it is?
 - 9) My son cannot decide whether he will work or continue his studies.
- c. *Noun Clause sebagai Complement.*
- 1) My question is ***why you did not come last night.***
 - 2) The main problem is ***they do not have a car.***
 - 3) The most important point is ***how to increase the company product.***
 - 4) My concern is ***how to pay the workers.***
 - 5) My major concern is ***how to improve the quality products.***

Agar Anda bisa memahami lebih jelas tentang *noun clause*, Anda pelajari tabel berikut.

Tabel 1.1
Dependent Clause as Noun Clause

Sentence	
Independent Clause	Noun Clause
1. is his own affair	1. <i>How</i> he gets the money
2. He suggested	2. <i>that</i> I continue my studies at the famous university.
3. She wanted to know	3. <i>whether</i> I had some money.
4. I don't know	4. <i>where</i> he lives.
5. The teacher asked me	5. <i>what</i> my name was.
6. It is true	6. <i>that</i> plants need water in order to grow.
7. I think	7. <i>that</i> the war between those two countries will end soon.
8. It is widely believed	8. <i>that</i> English is the principal language of business.
9. I do not know	9. <i>what</i> it is.
10. My son cannot decide	10. <i>whether</i> he will work or continue his studies.

Dari Tabel 1.1 Anda bisa membaca bahwa klausa-klausa utama dapat berdiri sendiri sebagai kalimat yang memberikan pengertian yang utuh. *Independent clause* pada contoh pertama, yaitu *is his own affair* tidak mempunyai subjek karena subjek dari kalimat itu merupakan *noun clause*. Pembahasan *Noun Clause* lebih lanjut dapat Anda pelajari pada Modul 8.

2. Adjective Clause

Adjective Clause adalah *dependent clause* yang berfungsi sebagai *adjective* (kata sifat) atau menerangkan kata benda. Klausa ini menjelaskan atau memberikan informasi tentang kata benda yang terdapat dalam klausa utama. Misalnya, *He gave the money to the man who had done the work*. Klausa utama dari kalimat ini adalah *He gave the money to the man*. Sedangkan *who had done the work* (sebagai *adjective clause*) menjelaskan kata benda *the man*. *Adjective clause* biasanya menggunakan *relative pronouns*, misalnya *which*, *who*, *whom*, *whose* dan lain-lain sebagai penghubung dengan kalimat intinya. Oleh karena itu, *adjective clause* juga biasa disebut *relative clauses*.

Adjective clause bisa menempati posisi tengah dan posisi akhir kalimat. *Adjective clause* yang menempati posisi tengah kalimat, misalnya berikut ini.

- a. The boy **who/that gave me the book** is Mr. Anwar's son.
- b. The girl **whose hair is braided** is my daughter.
- c. Anita, **who lives next to my house**, is very rich.
- d. The car **that he drives** is very expensive.
- e. The lady **to whom I talked** was the dean of this faculty.
- f. The gentleman **whom I saw** was the general manager of this company.

Contoh-contoh kalimat berikut adalah *adjective clause* yang menempati posisi di akhir kalimat.

- a. He gave the money to the man **who had done the work**.
- b. Here is the book **which/that describes animals**.
- c. Thanked the teachers **who taught me**.
- d. I liked the novel **that he wrote**.

Sekarang Anda pelajari contoh-contoh kalimat berikut. Anda bisa melihat posisi *adjective clause* pada masing-masing kalimat. Untuk

membantu Anda memahami tentang *adjective clause* secara lebih jelas Anda pelajari Tabel 1. 2 berikut.

Tabel 1.2
Dependent Clause as Adjective Clause

Sentence	
Independent Clause	Adjective Clause
1. He gave the money to the man	1. who had done the work.
2. The boy is Mr.Anwar's son.	2. who/that gave me the book.
3. Here is the book	3. which/that describes animals.
4. The girl is my daughter.	4. whose hair is braided.
5. Anita is very rich.	5. who lives next to my house,
6. The car is very expensive.	6. that he drives.
7. I thanked the teachers.	7. who taught me.
8. I liked the novel	8. that he wrote.
9. The lady was the dean of this faculty.	9. to whom I talked
10. The gentleman was the general manager of this company.	10. whom I saw

Sekarang Anda dapat memahami lebih jelas bahwa klausa *adjective* tidak dapat berdiri sendiri sebagai kalimat yang lengkap atau tidak bisa memberikan informasi yang lengkap. Apabila Anda mengatakan **who taught me; that he wrote; to whom I talked**, dan **whom I saw**, informasi apa yang bisa Anda sampaikan kepada lawan bicara Anda?

3. Adverbial Clause

Adverbial clause adalah *dependent clause* yang berfungsi sebagai *adverb*. *Adverbial (adverb) clause* berfungsi menjelaskan kata kerja, frasa kata kerja, kata sifat, kata keterangan atau menjelaskan seluruh kalimat. *Adverbial clause* diawali dengan **subordinate conjunctions** (kata penghubung subordinasi), misalnya *when, after, while, before, as soon as, as long as, whenever, every time*, dan *if*. Pembahasan lebih lanjut mengenai adverbial clauses bisa Anda pelajari pada modul 10, 11, dan 12. Sekarang cobalah Anda pelajari contoh-contoh kalimat berikut.

- a. You may begin when you are ready.
- b. **Before you go to bed**, you have to lock the doors.
- c. You may play **after you have finished doing your homework**.
- d. **While he was walking home**, he saw an accident.
- e. Shut all the windows **before you go out**.

- f. *After she finished dinner*, she went to bed.
- g. She went to bed *after she finished dinner*.
- h. I'll go to the post office *as soon as I finish writing this letter*.
- i. You may keep my book *as long as you need it*.
- j. *Every time I see her*, I always remember my mother.
- k. They sat down *wherever they could find empty seats*.

Seperti halnya jenis-jenis *dependent clause* yang lainnya, klausa adverbia tidak bisa berdiri sendiri. Klausa adverbia harus dibarengi dengan klausa utama agar dapat memberikan informasi yang lengkap dan utuh. Seandainya Anda mengatakan: *After she finished dinner atau Every time I see her atau as long as you need it*. Apakah ketiga klausa ini dapat digunakan untuk menyampaikan informasi yang lengkap? Tentu Anda akan menjawab tidak. Memang tidak. Ketiga klausa tersebut harus dilengkapi dengan klausa utama agar dapat memberikan informasi yang utuh sehingga kalimatnya menjadi

- a. *After she finished dinner*, she went to bed.
- b. atau
- c. She went to bed *after she finished dinner*.
- d. You may keep my book *as long as you need it*.
- e. *Every time I see her*, I always remember my mother.

Adverbial Clauses biasanya menempati dua posisi dalam kalimat; posisi awal (*initial position*), dan posisi akhir (*final position*). Apabila *adverbial clause* berada di posisi awal atau di awal kalimat, tanda koma (,) digunakan untuk memisahkan kedua klausa tersebut. Sedangkan apabila klausa adverbia menempati posisi akhir kalimat, tanda koma (,) tidak digunakan. Anda pelajari kembali contoh-contoh kalimat yang diberikan.

Agar lebih mudah bagi Anda untuk memahami klausa adverbia, pelajari Tabel 1.3 berikut.

SUMMARY

Clause (klausa) adalah sekelompok kata yang mempunyai subjek dan predikat. Ada dua macam klausa yaitu *independent clause* dan *dependent clause*. *Independent clause* atau disebut juga dengan *main clause*, merupakan sebuah kalimat yang lengkap karena mempunyai subjek, predikat, dan dapat memberikan informasi yang jelas dan utuh. Sebaliknya *dependent clause* bukan merupakan kalimat yang lengkap yang dapat memberikan informasi yang jelas. *Dependent clause* mempunyai subjek dan predikat, tetapi tidak bisa berdiri sendiri sebagai satu kalimat melainkan harus dilengkapi dengan *independent clause* agar memberikan informasi yang jelas dan lengkap.

Dependent clause dapat berfungsi sebagai kata benda, kata sifat atau kata keterangan. *Dependent clause* yang berfungsi sebagai kata benda disebut *Noun Clause*, yang berfungsi sebagai adjective disebut *Adjective Clause*, dan yang berfungsi sebagai adverb disebut *Adverb (Adverbial) Clause*. *Noun Clause* dan *adverbial clause* diawali dengan subordinate conjunctions, seperti *that*, *whether/if*, *why*, dan *how* untuk *noun clause*, dan *because*, *before*, *after*, *as soon as*, *while*, dan *whereas* untuk *adverbial clause*. Sedangkan *adjective clause* menggunakan *relative pronouns*, seperti *who/that*, *which*, *whose*, dan *whom*. Oleh sebab itu *adjective clause* disebut juga dengan *relative clause*.

Check your answer with the key provided at the end of this module, and score your right answer. Then use the formula below to know your achievement level of the lesson in this module:

Formula

$$\text{Level of achievement} = \frac{\text{scores of the right answers}}{\text{total scores}} \times 100\%$$

Meaning of the achievement level:

90 - 100% = very good

80 - 89% = good

70 - 79% = average

< 70% = bad

If your level of achievement reaches 80% or more, you can go on to the next Unit. **Good!** However, if your level of mastery is less than 80%, you have to go over this unit, especially the parts which you have not mastered.

UNIT 2**Sentences**

Sudah etelah mempelajari unit 2 ini Anda diharapkan dapat:

1. membedakan jenis-jenis kalimat;
2. membedakan kalimat sederhana (*simple sentence*) dengan *compound sentence*;
3. menggabungkan dua klausa utama dengan menggunakan *coordinate conjunction* menjadi *compound sentence*;
4. menggabungkan dua klausa utama dengan menggunakan *transitions* menjadi *compound sentence*;
5. membedakan *compound sentence* dengan *complex sentence*;
6. membedakan *complex sentence* dengan *compound complex sentence*;
7. menggabungkan tiga kalimat menjadi sebuah kalimat *compound-complex sentence*.

Unit dua ini akan membahas tentang kalimat dan klasifikasi kalimat. Kalimat dapat diklasifikasikan melalui 2 cara, yaitu klasifikasi sesuai dengan jenisnya, dan klasifikasi sesuai dengan jumlah subjek dan predikatnya. Masing-masing klasifikasi ini akan dibahas satu per satu pada subbahasan berikut.

A. SENTENCE

Sebelum mempelajari tentang jenis-jenis kalimat ada baiknya kalau Anda mengulang kembali tentang definisi kalimat. Apakah yang disebut dengan kalimat? Anda pasti tahu apa yang dimaksud dengan kalimat, tetapi mungkin Anda merasa sulit untuk mendefinisikannya. Baiklah! Menurut Frank (1972), kalimat bisa didefinisikan melalui dua cara. *Pertama*, definisi melalui makna. Sesuai definisi ini, kalimat adalah suatu pemikiran yang utuh. *Kedua*, definisi melalui fungsi. Berdasarkan definisi ini, kalimat terdiri dari subjek dan predikat. Dari kedua definisi ini manakah menurut Anda yang lebih tepat? Mungkin Anda akan menjawab definisi kedua. Definisi pertama masih kurang lengkap. Kenapa? Oleh karena dengan mendengarkan

seseorang berbicara satu kata saja sudah bisa mengungkapkan suatu pemikiran yang utuh, misalnya seorang ibu berkata kepada anak laki-lakinya sebagai berikut.

Mother : John, dinner is ready!
Son : Coming!

Dalam percakapan tersebut, anak hanya memberikan jawaban dengan satu kata saja. Satu kata sudah bisa memberikan pengertian yang utuh. Ibu sudah mengerti bahwa maksud anaknya adalah *I am coming*.

Definisi yang kedua lebih lengkap. Secara struktural sebuah kalimat memang terdiri dari subjek dan predikat. Definisi yang paling tepat yang Anda perlu ketahui adalah definisi melalui makna dan melalui fungsi, yang sesuai dengan karakteristik formal dari sebuah kalimat. Jadi kalimat (*sentence*) adalah kelompok kata yang mempunyai subjek, predikat, dan mengekspresikan suatu informasi yang utuh.

Sekarang Anda sudah mempelajari klausa (*clauses*) pada Unit 1 dan kalimat (*sentences*) pada Unit 2 ini. Perbedaan antara kalimat (*sentence*) dengan klausa (*clause*) bahwa *sentence* merupakan kelompok kata yang mempunyai subjek, predikat, dan menyampaikan pesan atau ide yang lengkap, sedangkan *clause* adalah kelompok kata yang mempunyai subjek, predikat yang bisa mengekspresikan suatu informasi yang utuh, dan bisa juga tidak. Klausa yang bisa mengekspresikan ide yang utuh yaitu *independent clause*, sedangkan klausa yang tidak mengekspresikan informasi yang utuh, yaitu *dependent clause*. Sekarang Anda pelajari pembahasan tentang *classification of sentences*.

B. CLASSIFICATION OF SENTENCES

Sudah disebutkan pada pembahasan sebelumnya bahwa kalimat dapat diklasifikasikan melalui dua cara, yaitu klasifikasi sesuai dengan jenisnya, dan klasifikasi sesuai dengan jumlah subjek dan predikatnya. Klasifikasi kalimat sesuai dengan jenisnya terdiri dari *declarative sentences (statements)*, *interrogative sentences (questions)*, *imperative sentences (commands and requests)*, dan *exclamatory sentences (exclamation)*. Sesuai dengan jumlah subjek dan predikat yang terdapat dalam kalimat, kalimat dapat

diklasifikasikan menjadi empat jenis, yaitu *simple sentences*, *compound sentences*, *complex sentences*, dan *compound complex sentences*.

1. Classification by Types

Anda pasti sudah sangat memahami klasifikasi jenis ini sehingga tidak sulit bagi Anda untuk memahaminya. Untuk mengingat kembali pengetahuan Anda, ada baiknya kalau Anda mempelajari ulang dengan teliti.

a. Declarative sentences (statement)

Declarative Sentences (Statement) digunakan untuk memberikan informasi atau pendapat. Kalimat deklaratif mempunyai subjek dan predikat yang normal sesuai dengan urutan-urutan tertentu, yaitu subjek, predikat, dan pelengkap. Dalam bahasa tulis kalimat deklaratif diakhiri dengan tanda titik. (.), misalnya berikut ini.

- 1) Carol is happy.
- 2) Johan is playing with his toys.
- 3) An amoeba is a one-celled animal.
- 4) Green plants need sun and water.
- 5) The child ate his dinner.
- 6) I have just bought my books.
- 7) Mathematics is a difficult subject.

b. Interrogative sentences (questions)

Kalimat tanya digunakan untuk menanyakan suatu informasi. Pada kalimat tanya letak subjek dan kata kerja bantu terjadi pembalikan. Dalam statement, subjek terletak di awal kalimat. Namun dalam kalimat tanya, kata kerja bantu mengawali kalimat. Kalimat tanya diakhiri dengan tanda tanya (?) dalam bahasa tulis. Sebaliknya, dalam bahasa lisan kalimat tanya, khususnya kalimat tanya dengan jawaban *yes-no*, diucapkan dengan intonasi naik, sedangkan kalimat tanya dengan *question-word questions* diucapkan dengan intonasi menurun. Inilah contoh-contohnya:

Yes-no Questions.

- 1) Did the child eat his dinner?
- 2) Is it your dictionary?
- 3) Are you Malik?
- 4) Have you ever been to New Zealand?
- 5) Does she drink milk?

Question - word Questions.

- 1) What is your name?
- 2) Why do you go out alone at night?
- 3) Where did you buy this?
- 4) When will you leave for Tokyo?
- 5) How do you go there?

c. *Imperative sentences (commands dan requests)*

Kalimat perintah atau kalimat permintaan digunakan untuk memberikan informasi tentang apa yang harus dilakukan oleh lawan bicara. Perbedaan antara kalimat perintah (*commands*) dengan permintaan (*requests*) adalah hanya pada cara penyampaian. Pada kalimat permintaan biasanya digunakan kata *please* agar terdengar lebih sopan. Dalam kalimat perintah atau permintaan, yang diungkapkan/diucapkan hanya predikatnya saja tanpa menyebutkan subjek. Predikat yang digunakan adalah bentuk *simple* tanpa memperhatikan subjeknya yaitu *you*. Kalimat imperatif diakhiri dengan tanda seru (!), dan dalam bahasa lisan kalimat imperatif diucapkan dengan intonasi menurun. Contohnya adalah sebagai berikut.

- 1) Stop that bus!
- 2) Be quiet, please!
- 3) Eat your dinner!
- 4) Open the window, please!
- 5) Don't go away!

Kadang-kadang kalimat imperatif hanya menggunakan satu kata, yaitu kata kerja atau predikat saja. Kalimat imperatif dengan satu kata biasanya diucapkan dengan intonasi naik. Tanda baca yang digunakan adalah tanda seru (!), misalnya berikut ini.

Go!

Stop!

Help!

d. *Exclamatory sentences (exclamation)*

Kalimat eksklamasi digunakan untuk mengekspresikan emosi, misalnya heran, gembira atau emosi yang lainnya. Kalimat ini dimulai dengan frasa eksklamatori (*exclamatory phrase*) yang terdiri dari *what* atau *how* dan bagian dari predikatnya. Frasa eksklamatori diikuti oleh subjek dan

predikatnya, kemudian diakhiri dengan tanda seru (!). Anda pelajari contoh-contoh berikut.

- 1) What a good dinner that was!
- 2) What a pretty dress you have!
- 3) What beautiful hair she has!
- 4) What beautiful eyes she has!
- 5) How beautiful she is!
- 6) How beautifully she behaves!
- 7) How far his house is!
- 8) How beautifully she sang!

What a digunakan apabila frasa eksklamatori diakhiri dengan kata benda tunggal yang dapat dihitung (*singular countable noun*). Anda perhatikan contoh kalimat pada nomor (1) dan (2). Sedangkan *what* tanpa (a) digunakan apabila frasa eksklamatori diakhiri dengan kata benda tunggal yang tidak dapat dihitung (*singular uncountable noun*). Anda perhatikan contoh kalimat pada nomor (3) dan (4).

Sedangkan *how* digunakan apabila frasa eksklamatori berakhir dengan *adjective* atau *adverb* (perhatikan kembali contoh-contoh kalimat nomor 5) sampai dengan 8).

2. Classification by the Number of Full Predications

Sesuai dengan jumlah subjek dan predikat yang terdapat dalam kalimat, kalimat dapat diklasifikasikan menjadi empat jenis yaitu *simple sentences*, *compound sentences*, *complex sentences*, dan *compound complex sentences*. Anda pelajari dengan baik masing-masing bahasan dari klasifikasi kalimat ini.

a. Simple Sentence.

Simple Sentence (kalimat sederhana) hanya terdiri dari satu klausa saja, yaitu *main (independent) clause*, dan bisa hanya mempunyai satu subjek dan satu predikat saja, misalnya berikut ini.

- 1) **Tedi bought** a house.
- 2) **Ratih is** happy.
- 3) **Rita sings** beautifully.
- 4) **Marta swims** a lot.
- 5) **Rony is** a clever student.

Kelima kalimat sederhana ini hanya mempunyai satu subjek dan satu predikat. Akan tetapi, kalimat sederhana bisa juga mempunyai subjek dan predikat lebih dari satu yang disebut dengan *compound subject* atau *compound predicate*. Misalnya, berikut ini.

- 1) **Ratih and Rita** swim every day.
- 2) **The boys and the girls** are friendly.
- 3) **Ratih, Rita and I** swim and hike every day.
- 4) **Tedi and Johan** often sing and dance at the company party.

Contoh kalimat pada nomor (1) dan (2) mempunyai subjek lebih dari satu yang terdiri dari dua kata benda, yaitu **Ratih and Rita (nomor 1)** dan **the boys and the girls (nomor 2)**. Contoh kalimat pada nomor (3) dan (4) mempunyai 2 subjek dan dua predikat. Pada nomor (3) mempunyai tiga subjek yaitu **Ratih, Rita and I**, dan mempunyai dua predikat yaitu *swim and hike*. Begitu juga dengan contoh kalimat pada nomor (4) dengan *compound subject Tedi and Johan*, dan mempunyai *compound predicate sing and dance*.

b. *Compound sentence*

Compound sentence atau dalam bahasa Indonesia disebut kalimat majemuk setara merupakan gabungan dari dua kalimat sederhana atau dua klausa utama atau lebih, misalnya berikut ini.

- 1) **The rain fell, and the wind blew.**
- 2) **Rani attended the concert, and Rini went to the dance.**
- 3) **Mrs. Sugito is a house wife, but Mrs. Bintoro is a career woman.**
- 4) **We played basketball, and then we went swimming.**
- 5) **One of the students writes the sentences on the board, and the others work in pairs.**

Dalam kalimat majemuk setara masing-masing *independent clause* mempunyai subjek, dan masing-masing subjek mempunyai kata kerja atau predikat. Dengan demikian *compound sentence* terdiri dari klausa-klausa utama yang mengungkapkan pikiran yang berbeda. Dari contoh-contoh kalimat yang diberikan dapat kita lihat bahwa masing-masing klausa utama mempunyai subjek dan predikat. Anda perhatikan tabel 1.4 berikut.

Tabel 1.4

Klausa Utama 1		Klausa Utama 2	
Subjek	Kata Kerja	Subjek	Kata Kerja
1. The rain	fell	the wind	Blew
2. Rani	attended	Rini	went
3. Mrs. Sugito	Is	Mrs. Bintoro	is
4. We	played	we	went
5. One of the students	writes	The others	Work

Setelah mempelajari kelima contoh kalimat ini maka jelaslah bahwa kalimat majemuk (*compound sentence*) terdiri dari dua klausa utama (*two main clause* atau *independent clause*) atau lebih. Masing-masing kalimat dari contoh yang diberikan mempunyai dua *independent (main) clause*. Pada contoh kalimat nomor 1, *the rain fell* dan *the wind blew* merupakan dua *independent clauses*. Contoh kalimat nomor 2, terdiri dari dua *independent clauses*, yaitu *Rani attended the concert* dan *Rini went to the dance*. Sekarang bisakah Anda mengidentifikasi klausa utama dari contoh kalimat nomor 3 sampai dengan 5? Tentu sangat mudah bukan?

Dua klausa utama atau lebih digabungkan menjadi satu kalimat disebut kalimat majemuk setara. Untuk menggabungkan dua klausa utama ini kita perlu menggunakan kata sambung (*linking words*) tertentu yaitu yang disebut dengan *coordinate (equal) conjunction* (kata penghubung setara). Pembahasan lebih lanjut tentang *conjunction* (kata penghubung) akan dibahas lebih lanjut pada modul 2). *Coordinate conjunctions* yang sering digunakan adalah *and, but, yet, for, so* dan *or*. *Coordinate conjunctions* digunakan untuk menggabungkan dua klausa yang mempunyai jenis yang setara. Anda pelajari contoh-contoh kalimat majemuk setara yang lainnya berikut ini.

- 1) The phone rang, **and** at the same time the door opened.
- 2) Learning a language is a complex task, **yet** most people learn to speak.
- 3) Maria and Jusi overheard the confidential statement, **for** they were sitting nearby.
- 4) Take care of yourself now, **or** you will suffer the consequences later.
- 5) I want to go away to school, **but** my family needs me at home.
- 6) He was tired, **so** he went to bed.

Apabila kita menggabungkan dua kalimat sederhana atau 2 klausa utama menjadi kalimat majemuk setara dengan menggunakan kata penghubung *and, but, or, yet, for* atau *so* kita perlu menggunakan tanda koma (,) sebelum kata

penghubung tersebut. *And* digunakan untuk menambah informasi, *but* dan *yet* digunakan untuk menyatakan kontras. *Or* digunakan untuk menyatakan suatu pilihan atau memberikan suatu alternative. *For* sama artinya dengan *because*, yaitu untuk menunjukkan sebab atau bukti dari suatu pernyataan. *So* digunakan untuk menyatakan akibat.

Anda pelajari kembali contoh-contohnya. Tanda koma (,) bisa dihilangkan apabila kalimat majemuk setara tersebut sangat pendek. Akan tetapi, apabila kalimat majemuk setara itu merupakan kalimat yang panjang, tanda koma harus digunakan.

Untuk membuat kalimat majemuk setara kita bisa menggunakan kata sambung (*linking words*) jenis lainnya, yaitu yang disebut *transitions* (*transisi*). Transisi yang biasa digunakan di antaranya adalah berikut ini.

Also	accordingly
Besides	however
Moreover	nevertheless
still	then
therefore	thus
consequently	furthermore
otherwise	on the other hand

Apabila kita menggunakan transisi untuk menggabungkan dua klausa utama, kita perlu menggunakan tanda titik koma (;) sebelum transisi tersebut dan tanda koma (,) setelah transisi. Pelajari contoh-contoh berikut.

- 1) Mr. Haryanto is the richest man in his town; *moreover*, he is very helpful.
- 2) The city provides many cultural opportunities; *besides*, it has an excellent central of art and culture.
- 3) The players tried their best to win; *nevertheless*, they lost.
- 4) My friends are playing volley ball for the office; *however*, I do not expect them to win.
- 5) He has been late for classes for several times; *therefore*, the teacher punished him.

Also, *besides*, *still*, *furthermore*, dan *moreover* digunakan untuk memberikan informasi selain yang telah disebutkan pada klausa yang pertama. *Therefore*, *thus*, *accordingly* dan *consequently* digunakan untuk

menyatakan hubungan akibat, *however*, *nevertheless*, dan *on the other hand* digunakan untuk menunjukkan oposisi. *Then* mempunyai pengertian, kemudian dan digunakan untuk menyatakan kelanjutan dari suatu situasi. *Otherwise* mempunyai pengertian yang sama dengan *or* dan digunakan untuk mengekspresikan suatu kondisi atau suatu pengandaian, yaitu apabila lawannya atau kebalikannya benar terjadi maka akibat tertentu akan terjadi.

c. *Complex sentence*

Complex sentence (kalimat kompleks) terdiri dari **satu main (independent) clause** dan **satu atau lebih dependent (subordinate) clause**, misalnya berikut ini.

- 1) You should lock the doors ***before you leave the house***.
- 2) The student ***who delivers magazines before he goes to school*** is the cleverest student in this class.
- 3) ***Although John is a good athlete***, he does not spend too much time in sports.
- 4) ***When the conductor appeared on the stage***, the audience applauded loudly.
- 5) ***Since that happened a long time ago***, I would not hold it again.

Kelima contoh kalimat ini terdiri dari **satu main clause** (**satu independent clause**) dan **minimal satu dependent** (**subordinate clause**). Apabila **dependent clause** (anak kalimat) berada setelah **main clause** (klausa utama) atau di akhir kalimat, tanda koma (,) tidak digunakan. Anda perhatikan contoh kalimat nomor 1 dan nomor 2. Tetapi apabila dependent clause berada pada awal kalimat, tanda koma (,) digunakan. Anda pelajari contoh kalimat pada nomor 3 sampai dengan 5. Untuk lebih memantapkan pemahaman Anda perhatikan Tabel 1.5 berikut.

Tabel 1.5

Complex Sentence	
Independent (Main) Clause	Dependent (Subordinate) Clause
You should lock the doors. The student is the cleverest student in this class. He does not spend too much time in sports. The audience applauded loudly.	<i>before you leave the house.</i> <i>who delivers magazines before he goes to school</i> <i>Although John is a good athlete,</i> <i>When the conductor appeared on the stage,</i>

Complex Sentence	
Independent (Main) Clause	Dependent (Subordinate) Clause
I would not hold it again	<i>Since that happened a long time ago,</i>

d. *Compound – complex sentence*

Compound - Complex Sentence terdiri dari dua atau lebih *main clause* (klausa utama) dan satu atau lebih *dependent clause* (anak kalimat). Pelajari contoh-contoh berikut.

- 1) Although the farmers always work long hours, they seem to enjoy their work, and they usually have a long time rest during the dry season.
- 2) The teachers seem to enjoy their work, and they usually have high dedication although they get very low salary.
- 3) Some people fell on other people, and some people landed on the floor when the bus stopped abruptly.
- 4) Whenever I feel sad, I choose a humorous book to read, but it never cheers me up.
- 5) Although I enjoy English courses, I failed English 102, but I receive an “A” in all my Math courses.

Dari kelima contoh kalimat yang diberikan, Anda perhatikan tanda baca pada masing-masing kalimat. Pada contoh kalimat pertama (kalimat 1), tanda koma (,) digunakan untuk memisahkan antara *dependent clause* dengan *independent clause*, dan antara *independent clause* dengan *independent clause*. Pada kalimat 1, *dependent clause* terdapat pada awal kalimat, yaitu *Although the farmers always work long hours*, sedangkan *they seem to enjoy their work* dan *and they usually have a long time rest during the dry season* merupakan dua *independent clause* atau disebut dengan *compound sentence*. Apabila *dependent clause* berada pada posisi awal kalimat maka tanda koma (,) digunakan. Anda perhatikan contoh kalimat nomor 1, 4, dan 5. Pada ketiga kalimat ini terdapat dua tanda koma. Tanda koma yang pertama digunakan untuk menghubungkan *dependent clause* dengan *independent clause*, sedangkan tanda koma yang kedua digunakan untuk menghubungkan antara dua *independent clause* yang disebut dengan *compound sentence*. Agar Anda mengetahui bagian-bagian dari compound-complex sentence, Anda pelajari tabel berikut ini.

Tabel 1.6

Compound Complex Sentence	
Independent /Main Clause (Klausa Utama)	Dependent /Subordinate Clause (Anak Kalimat)
<ol style="list-style-type: none"> 1. a. They seem to enjoy their work. b. they usually have along time rest during the dry season. 2. a. The teachers seem to enjoy their work. b. They usually have high dedication. 3. a. Some people fell on other people, b. some people landed on the floor 4. a. I choose a humorous book to read, b. it never cheers me up. 5. a. I failed English 102 b. I receive an "A" in all my Math courses 	<ol style="list-style-type: none"> 1. <i>Although</i> the farmers always work long hours, 2. <i>Although</i> they get very low salary 3. <i>when</i> the bus stopped abruptly. 4. <i>whenever</i> I feel sad. 5. <i>Although</i> I enjoy English courses,

Dari analisis kalimat yang terdapat dalam tabel 1.6, kita dapat memahami lebih jelas tentang *compound - complex sentence*. *Compound-complex sentence* terdiri dari minimal dua klausa utama yang dihubungkan dengan *coordinate conjunctions and, but, or* dan *so* atau yang disebut dengan *compound sentence*, dan minimal satu anak kalimat yang didahului dengan *subordinate conjunctions*, seperti *whenever, although, dan when*.

Mungkin agak sulit bagi Anda untuk membuat atau menggabungkan tiga kalimat menjadi satu kalimat *compound-complex sentence*. Yang perlu Anda perhatikan adalah hubungan di antara ketiga kalimat tersebut, apakah hubungan itu merupakan kontras atau oposisi, apakah hubungan itu merupakan hubungan sebab akibat ataukah hubungan itu merupakan suatu situasi pilihan alternatif atau hubungan-hubungan yang lainnya. Setelah Anda mengidentifikasi hubungan-hubungan di antara kalimat, Anda coba untuk menuliskannya dalam buku catatan Anda. Kemudian, Anda pilih kata sambung yang cocok/tepat untuk menghubungkan ketiga jenis klausa tersebut. Apakah klausa-klausa itu memerlukan *coordinating conjunction* atau apakah klausa-klausa itu memerlukan *subordinating conjunction* ataukah memerlukan *transitions*? Anda perlu untuk mencoba berlatih untuk mengerjakannya agar Anda terbiasa dan terampil.

SUMMARY

Kalimat (*sentence*) adalah kelompok kata yang mempunyai subjek, predikat, dan mengekspresikan suatu pengertian yang utuh. Kalimat dapat diklasifikasikan sesuai jenisnya dan sesuai dengan jumlah subjek dan predikat yang terdapat dalam kalimat. Klasifikasi kalimat sesuai jenisnya adalah *statements*, *questions*, *commands* and *requests*, dan *exclamation*.

Ada empat macam kalimat sesuai dengan jumlah subjek dan predikat yang terdapat dalam kalimat tersebut. Diantaranya, yaitu *simple sentences*, *compound sentences*, *complex sentences*, dan *compound complex sentences*. *Simple Sentence* (kalimat sederhana) hanya terdiri dari satu klausa saja, yaitu main (independent) clause, dan bisa hanya mempunyai satu subjek dan satu predikat saja. *Compound Sentence* atau dalam bahasa Indonesia disebut kalimat majemuk setara merupakan gabungan dari dua kalimat sederhana atau dua klausa utama atau lebih. *Complex Sentence* (kalimat kompleks) terdiri dari *satu main (independent) clause* dan satu atau lebih *dependent (subordinate) clause*. Sedangkan *Compound - Complex Sentence* terdiri dari dua atau lebih main clause (klausa utama) dan satu atau lebih dependent clause (anak kalimat).

Clause (klausa) adalah kelompok kata yang saling berhubungan yang mempunyai subjek dan predikat. Ada dua macam klausa yaitu *independent (main) clause* dan *dependent (subordinate) clause*. *Independent (main) clause* dapat berdiri sendiri sebagai kalimat yang lengkap, sedangkan *dependent (subordinate) clause* mempunyai subjek, predikat, tetapi tidak bisa berdiri sendiri sebagai kalimat yang lengkap dan utuh karena tidak mengekspresikan pengertian yang lengkap. *Dependent clause* memerlukan *independent clause* agar memberikan pengertian sebagai kalimat yang lengkap dan utuh.

Perbedaan antara kalimat (*sentence*) dengan klausa (*clause*) adalah bahwa *sentence* merupakan kelompok kata yang mempunyai subjek,

predikat, dan mengekspresikan suatu pengertian yang utuh, sedangkan *clause* adalah kelompok kata yang mempunyai subjek, predikat yang bisa mengekspresikan suatu pengertian yang utuh, dan bisa juga tidak. Klausa yang bisa mengekspresikan pengertian yang utuh yaitu *independent clause*, sedangkan klausa yang tidak mengekspresikan pengertian yang utuh, yaitu *dependent clause*.

Check your answer with the key provided at the end of this module, and score your right answer. Then use the formula below to know your achievement level of the lesson in this module:

Formula

$$\text{Level of achievement} = \frac{\text{scores of the right answers}}{\text{total scores}} \times 100\%$$

Meaning of the achievement level:

90 - 100% = very good

80 - 89% = good

70 - 79% = average

< 70% = bad

If your level of achievement reaches 80% or more, you can go on to the next module. **Good!** However, if your level of mastery is less than 80%, you have to go over this unit, especially the parts which you have not mastered.
